APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source. It is understood that the one (1.0) cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1.0) cubic foot per second.

Actual construction work shall begin on or before June 13, 1941

Proof of commencement of work shall be filed before July 13, 1941

Work must be prosecuted with reasonable diligence and be completed on or before June 13, 1943

Proof of completion of work shall be filed before July 13, 1943

Application of water to beneficial use shall be made on or before

June 13, 1944. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 13, 1944

Map Filed JUN 27 1940

Proof of commencement of work filed JUL 30 1941 WITNESS MY HAND AND SEAL this 30th day

Proof of completion of work filed JUL 12 1943

Proof of Beneficial use filed JUN 29 1944 of December, 1940

Certificate No. 2806 Issued Aug 26 1941 for 0.45 cfs at Milling
